College of Liberal Arts and Sciences. As English, history, and foreign languages apply to the interested in teaching art in the high school enter the specialization they wish to pursue. For example, students are not accepted. Students preparing to teach in secondary must apply to the graduate program. Nondegree students requirements for the program from the start of their work they should take special care to be fully aware of all undergraduate work required by the College of Education, until they have completed at least 60 semester hours of sion to the professional education portion of the program in detail below. Although students do not apply for admis Fieldwork. Each of these program components is described

Introduction

The College of Education (COE) offers a program leading to the degree of Bachelor of Arts in Elementary Education designed to prepare teachers in grades K–9. Program curriculm, instruction, and fieldwork emphasize preparation for teaching in urban schools. All fieldwork and student teaching are conducted exclusively in Chicago Public Schools. The program has a three-part commitment: buildng strong linkages with general education in the College of Liberal Arts and Sciences; providing continual opportunities to study multiculturalism, bilingualism, and cross-cultural issues, issues related to students with disabilities, fine arts, and technology; and working in multiple sites and communities for learning. Moreover, the program reflects UIC’s conceptual framework: UIC educators are committed to the democratic ideal of developing the full potential of all students. They develop professional knowledge through study and critical analysis, and demonstrate effective practices consistent with their professional knowledg and ideals.

The elementary education program consists of four specific kinds of experiences to create a strong foundation for stuents preparing to teach elementary school: General Education and Foundational Studies, Area of Concentration, Professional Education Courses, and Fieldwork. Each of these program components is described in detail below. Although students do not apply for admission to the professional education portion of the program until they have completed at least 60 semester hours of undergraduate work required by the College of Education, they should take special care to be fully aware of all requirements for the program from the start of their work at UIC.

Applicants who have already earned a bachelor’s degree must apply to the graduate program. Nondegree students are not accepted. Students preparing to teach in secondary schools enter the appropriate college offering the area of specialization they wish to pursue. For example, students interested in teaching art in the high school enter the College of Architecture and the Arts. Majors in such areas as English, history, and foreign languages apply to the College of Liberal Arts and Sciences.

State Teacher Certification

The curricula for the preparation of elementary and secondary school teachers as listed in this catalog have been approved by the Illinois Board of Higher Education, the North Central Association of Colleges and Schools, the Illinois State Board of Education, and the University.

Council on Teacher Education

The Council on Teacher Education (CTE) is responsible for coordinating teacher education programs throughout the University of Illinois at Chicago and for maintaining relationships with the Illinois State Teacher Board of Education.

Decisions about certification are a joint effort of a candidate’s program, the Council on Teacher Education (CTE), and the Illinois State Board of Education (ISBE). The program coordinator and faculty have the main responsibility for ensuring that candidates are prepared to become teachers and are, thus, entitled to apply for certification. They approve qualifications before the CTE begins its process of evaluation. The CTE’s certification officer entitles an individual to apply for certification at the state level for the institution. The CTE checks that candidates have met state requirements, such as passing the required state-level tests and completing the course and grade requirements stipulated by the program as addressing state objectives. ISBE makes the final decision about whether or not a candidate receives certification based upon the information it receives from the institution and a candidate’s application.

Taskstream Folio System

In order to monitor program effectiveness and to provide programs with information they can use to guide candidates’ work and program reform, the Council on Teacher Education (CTE) also collects assessment information from students and candidates as they prepare to be teachers. Students should keep up to date on assessment requirements, as they may not be able to register for course work if they fall behind. This assessment information is discussed in program orientations and in CTE classroom visits and is available on the CTE Web site http://www.uic.edu/educ/cte/. TaskStream, an electronic folio system, is the main avenue by which teaching majors and candidates will turn in assessments. New majors and candidates may go online http://www.taskstream.com to register in the system. Once registered, candidates may use the system for a variety of purposes in addition to uploading assessments for the CTE. The system provides several menu-driven ways to create portfolios to use for course work, assessment, and job search. It also provides lesson planning, rubric, Web page, and discussion group frameworks. Some professors will use TaskStream to organize their courses; students’ certification programs may use it for various purposes.

State Examinations

Prior to certification, the candidate must also pass a series of examinations required by the Illinois State Board of Education. The Illinois Basic Skills Test must be passed prior to applying for candidacy in the teacher education program. The Illinois Content Area Test must be passed before the candidate is allowed to student teach. The Assessment of Professional Teaching must be passed prior to certification. These tests are administered and moni tored by the State of Illinois. The candidate is responsible for meeting this requirement. See the NES Web site http://www.cts.nesinc.com for the available test dates, registra tion information, and study guides. Registration materials may also be picked up from the Council on Teacher
College of Education

Admission requirements include:

Program Pass Rates
In accordance with the public disclosure requirements of Title II of the Higher Education Act, the University of Illinois at Chicago reports that teacher education program completers scored as follows on the two assessments required by the state for teacher certification in effect for 2003–2005. During the academic year 2003–2004, UIC program completers had a 100% pass rate on the Basic Skills Test and a 99% pass rate on the Content Area Tests. During 2004–2005, UIC program completers had a 100% pass rate on the two required exams. For both years, the statewide pass rate on the required exam was 98%.

Other Certification Policies (or Requirements)
Teacher education candidates must be citizens of the United States to be eligible for an Illinois teaching certificate or become a citizen within ten years of receiving a teaching certificate. Please note that, in some cases, the State of Illinois will not issue a teaching certificate to an individual who has been convicted of a criminal offense. A candidate who has been convicted of an offense should notify his or her adviser immediately.

Admission to the Elementary Education Program
All students entering the University of Illinois at Chicago as freshmen who wish to pursue a degree in elementary education must first enroll in pre-elementary education studies in the College of Liberal Arts and Sciences. Enrollment in this program precedes admission to the Elementary Education program in the College of Education and ensures that students receive regular communications from the College of Education about program requirements and deadlines. Students must earn a minimum of 60 semester hours of specific course work required by the College of Education for elementary education program admission. Students may obtain applications for admission to the Elementary Education program in the semester during which they will complete the 60-semester-hour requirement. Because admission to the Elementary Education program is highly competitive and space is limited, the College of Education strongly recommends that students in the pre-elementary education curriculum meet with their advisers in the College of Education, Office of Student Services, on a regular basis.

The College of Education accepts applications for the Elementary Education program for the fall term only; applications are due in the spring semester. A separate application and supporting documents are required for admission to the Elementary Education program. An application packet may be obtained by contacting the Office of Student Services in the College of Education (MC 147), 1040 W. Harrison, 3145 EPASW, Chicago, Illinois 60607-7133. Formal course work in elementary education begins in the fall semester of the junior year. (However, there are two prerequisite courses to be taken before the junior year—See Phase II below.)

Admission requirements include:

1. A minimum cumulative GPA of 2.50/4.00 at time of application. Courses in which a student receives a grade lower than a C will not be applied to the requirements.
2. Completion of a minimum of 60 semester hours of course work required by the College of Education at time of application.
3. Completion of the College of Education Request for Admission Form.
4. 100 service learning hours completed by time of application. Acceptable service learning hours will include work with school-aged children (ages 5 to 14) in a group setting.
5. Submission of three letters of recommendation, one of which must be from the supervisor of the service learning hours and two from an academic professional who has taught the student at the college level.
6. Writing samples and oral interview with College of Education faculty.

Admission to the College of Education is completed in phases. The phases listed below have been developed to align with the new teaching standards required by the State of Illinois for certification in Elementary Education.

Phase I—Admission to UIC
Freshmen enter into the pre-elementary education curriculum in the College of Liberal Arts and Sciences. Students must meet eligibility requirements set by the College of Liberal Arts and Sciences. Please refer to the Admissions section of the catalog.

Phase II—Admission to the College of Education

Junior entry
Factors reviewed for admission to candidacy:

Academic performance
• Overall GPA: minimum 2.50/4.00
• Minimum 60 semester hours of required LAS courses completed
• General education courses completed

Supplementary materials to be sent to the College of Education
• Request for Admission Form to the College of Education
• Description and verification of 100 service learning hours
• Three letters of recommendation (one of which to be based on service learning hours)
• Writing sample
• Passing of the ICTS Basic Skills Test
• Impromptu writing sample
• Oral interview with COE faculty
• Successful completion of ED 257 and EPSY 255 (prior to admission)

Phase III—Admission to Student Teaching

Senior entry
Factors reviewed for admission:

UIC academic performance
• Overall GPA: minimum 2.50/4.00
• COE GPA: minimum 3.00/4.00
• General Education courses completed

Fieldwork performance
• Minimum of 140 hours completed with satisfactory progress
• Reflective journals related to fieldwork completed with satisfactory progress
• Writing sample about fieldwork
Student interview that covers the following:

- Junior draft of Teaching Philosophy
- Review of two papers written in course work evaluated using state writing assessment criteria
- Teaching Portfolio containing evidence of Illinois Professional Teaching Standards and Teaching Philosophy statement

Passing grade on the Illinois Elementary Education Content Area Test prior to student teaching (ED 450).

**Phase IV—Recommendation to Entitlement to Certification**

Completion of program

Factors reviewed for entitlement to certification:

- Satisfactory completion of all course work and field work
- Passing Illinois Basic Skills Test
- Passing Illinois Elementary Education Content Area Test
- Passing Assessment of Professional Teaching (APT) Test
- Satisfactory completion of all requirements of the Council on Teacher Education unit assessment plan (aligned with State of Illinois certification requirements)

**Degree Requirements**

To earn a Bachelor of Arts in Elementary Education degree from UIC, students need to complete the University and college degree requirements outlined below.

**General Education Course Requirements**

## General Education Core

General Education at UIC is designed to serve as a foundation for lifelong learning. Through the BA in Elementary Education Program General Education Course Requirements, College of Education students fulfill the University’s General Education Core requirement of a minimum of 24 semester hours in the General Education Core with at least one course from each of the following categories:

1. Analyzing the Natural World
2. Understanding the Individual and Society
3. Understanding the Past
4. Understanding the Creative Arts
5. Exploring World Cultures
6. Understanding U.S. Society

For a description and a list of courses in each General Education Core category, students should consult the *General Education* section of the catalog.

## General Education Proficiencies—University Writing Requirement

As noted in the General Education Course Requirements list, College of Education students meet the requirement by achieving a passing grade in English 160 and 161.

### Foundational Studies in Education Course Requirements

## Area of Concentration Requirements

1. Areas of concentration require specific courses; students must follow the guidelines of the area selected.
2. The concentration may not include a general studies course.
3. The concentration must be chosen from an approved list of concentrations (available in the College of Education Office of Student Services) during the freshmen or early sophomore year. Please consult the College of Education adviser.
4. Every student must seek approval of the chosen concentration and the intended course work from an academic adviser in the College of Education Office of Student Services before completing more than 3 semester hours in the concentration.

## English as a Second Language Approval (ESL)

Students enrolled in the Elementary Education program may choose ESL as the area of concentration to earn approval as a Bilingual and/or English as a Second Language teacher. Information about the ESL Approval may be obtained from the College of Education Office of Student Services, 3145 EPASW, (312) 996-4532. Please note that the State of Illinois is in the process of revising requirements for the ESL approvals and additional course work may be required. Be advised that changes may occur without notice and will be effective immediately.

## Middle School Endorsement

As of July 1, 1997, the Illinois State Board of Education requires that those students interested in teaching in middle grades (5–8) must take additional course work. This applies even though the Standard Secondary Certificate (Type 03) states eligibility for teaching in grades kindergarten through nine. Please note that the State of Illinois is in the process of revising middle school endorsement requirements and additional course work may be required. Be advised that changes may occur without notice and will be effective immediately. Additional information may be obtained from the College of Education Office of Student Services, 3145 EPASW, (312) 996-4532.

## Elementary School Student Teaching Requirement

Student teaching is completed in the first semester of the senior year. Minimum requirements for student teaching include senior standing; 3.00/4.00 GPA in the foundational education course work and the professional education course work; 2.50/4.00 GPA for all General Education course work; satisfactory completion of fieldwork as assessed by university field instructors and school mentor teachers; accumulation of at least 100 clock hours of satisfactory experience; approval of the program faculty through review of performance according to the GPA; UIC Elementary Education Principles; development of the Teaching Portfolio; and the passing of the required state tests.

Courses to be completed successfully prior to student teaching include the following: LAS General Education, ED 345, EPSY 255, ED 257, ED 340, ED 350, ED 341, ED 342, ED 352, SPED 415, ED 351, ED 343, and ED 344. ED 353 is to be taken concurrently with student teaching. SPED 416 must be taken during the second semester of the senior year after the completion of student teaching.

## Other Requirements

Students must complete the requirements of the University and college that are in effect at the time of initial registration. It is essential for each student to become familiar with graduation requirements and to keep up to date with any published changes.
If requirements are changed, continuing students and those whose attendance at UIC has been interrupted for no more than two years may complete the current graduation requirements or may continue to meet those requirements in effect at the time of initial registration. Students who return to UIC after an absence of more than two years are responsible for meeting the requirements of the University and college in effect at the time of the student’s reenrollment. If courses originally required are no longer offered, the college has the prerogative of specifying substitutes. Students should be aware that changes occurring in state certification requirements may necessitate additional graduation requirements.

Course Level Requirement
During the junior and senior years, a student must earn at least 30 hours in advanced-level courses (300-level) at the University of Illinois at Chicago or any other accredited four-year college or university.

Course Work Limitations
Course work that duplicates previous credit does not count toward graduation. Credit is not given for a course in which a failing grade is received.

Full-Time Enrollment
The undergraduate Elementary Education program is a full-time program and students will be required to register for specific course work each semester while enrolled in the College of Education at UIC.

Grade Point Average (GPA) Requirement
To be eligible for graduation a student must have earned a cumulative grade point average of 2.50/4.00 in all General Education course work and a cumulative grade point average of 3.00/4.00 in the Education major.

Graduation Declaration/Filing to Graduate
Students declare their intent to graduate online using UIC Web for Student. The deadline for submission to the Pending Degree List is the end of the third week (fall and spring) or second week (summer) of the term in which graduation is sought. Failure to submit the request at this time may delay the awarding of the degree. A final review will be made following the close of the term. If a student has satisfactorily completed all the degree requirements, the student’s name will be placed on the official degree list.

Enrollment Residence Requirement
Either the first 90 or the last 30 semester hours of degree work must be completed in continuous, uninterrupted enrollment residence at the University of Illinois at Chicago. Concurrent attendance at the University of Illinois at Chicago and another collegiate institution, or enrollment during the summer at another institution, when approved by the student’s college, does not interrupt the UIC enrollment residence requirement for graduation. Work done at the Springfield or Urbana-Champaign campuses of the University of Illinois does not satisfy this requirement. Credit earned through proficiency examinations, including credit earned through the College Level Examination Program (CLEP), UIC extension courses, and Urbana-Champaign correspondence courses, does not apply toward the minimum 30 semester hour enrollment residence requirement.

Transfer Credit
Courses completed at other institutions may be applied in partial fulfillment of graduation requirements and as prerequisites for courses at UIC. The college determines the transfer hours that apply toward the degree. Courses listed for credit on a Student Profile, Academic Advising Document, Degree Audit Report, or transcripts are not necessarily accepted for the degree.

Transfer Credit for Continuing Students
The College of Education may permit concurrent registration at a transfer institution. Please consult an academic adviser in the Office of Student Services, 3145 EPASW.

College Policies

Academic Load
To be considered full time, a student must be enrolled in a minimum of 12 semester hours each semester. During the regular academic year a course load exceeding 18 hours (12 hours in the summer) must be approved in the College of Education. Please consult an academic adviser in the Office of Student Services, 3145 EPASW.

In addition, some education courses require fieldwork, which means that students will spend a significant amount of time participating in other education settings (e.g., local schools). The nature and extent of the fieldwork varies from course to course.

Academic Probation and Dismissal Rules
Elementary education faculty evaluate each student’s progress through semester reviews using the UIC Elementary Education Principles, evaluation of the student’s UIC Teaching Portfolio, and through the State of Illinois Professional Teaching Standards.

Probation Rules
A student whose term grade point average or cumulative grade point average is less than 2.50/4.00 is placed on probation. The cumulative grade point average includes all transfer credit and work completed at UIC.

Dismissal Rules
1. A student whose grade point average in any term is below 1.00/4.00 will be dismissed.
2. A student who fails to meet the terms of probation or is on probation for two consecutive terms will be dismissed.
3. A student who is dismissed will not be considered for readmission to the College of Education until after a lapse of at least one term.
4. A student who fails to make progress toward a degree may be dismissed. Examples include failure to complete required courses, accumulation of an excessive number of incomplete grades, failure to earn credit in any semester, failure to maintain a 3.00/4.00 grade point average in the Education major, or inadequate professional performance as judged by elementary education faculty.

Any student who does not meet the requirements of the College of Education will be dismissed from the college and may be dismissed from the University.

Change of Course Schedule
Undergraduate students may drop courses using UIC Web for Student through the end of the second week of classes for fall and spring semesters, or through the end of week 1 for summer semester. During weeks 3 through 6 of the fall and spring semesters (weeks 2 through 5 for summer session) students may drop courses with the permission of their major college. If the drop occurs between 0–2 weeks in fall and spring (between weeks 0–1 in summer), there will be no notation on the transcript. If the drop occurs during weeks 3 through 6 in fall and spring (weeks 2 through 5 in summer), a W is noted on the transcript.

Undergraduate students may drop a maximum of 4 UIC individual courses that result in a W notation on their transcript during their entire undergraduate degree program. College of Education students contact the OSS, 3145 EPASW, (312) 996-4532.
Change of Major
On the undergraduate level, the College of Education offers only Elementary Education as a major. The area of concentration may not be changed once admitted to the college.

Class Attendance
The class attendance policy is generally stated on the course syllabus. The College of Education encourages students to contact the instructor of the course if class will not be attended on a specific date. Excessive absences from class and/or fieldwork and/or student teaching may result in dismissal from the program.

Closed Courses
Classes that are closed will not be overenrolled. Please consult the adviser in OSS, 3145 EPASW, for further information.

Course Prerequisites
Course prerequisites will not be waived. Please consult the adviser in OSS, 3145 EPASW, for further information.

Credit/No Credit Option
None of the required courses in the College of Education may be taken on the credit/no credit option.

Declaring a Major
The major will be declared upon admission into the College of Education.

Double Major
The College of Education does not permit double majors. Please consult the adviser in OSS, 3145 EPASW, for further information.

Graduate-Level Course for Undergraduate Credit
Please consult the adviser in OSS, 3145 EPASW, for further information.

Independent Study
Enrollment in an independent study course is limited to students with junior or senior standing. A student may apply a maximum of 8 hours of independent study toward graduation requirements. Please consult the adviser in OSS, 3145 EPASW, for further information.

Ongoing Assessment of Professional Growth
In an effort to support professional growth, all candidates will be assessed in regard to the UIC Elementary Education Principles. These principles provide a guide for becoming an exemplary urban teacher via student self assessment, mentor teachers who guide fieldwork in Chicago Public School classrooms, field instructors from UIC who supervise fieldwork, and faculty who teach courses in the program. The meaning of the principles in practice, as well as how the program’s system of assessments works, are explained at the program orientation and incorporated into all classes and fieldwork requirements.

All candidates will construct a UIC Teaching Portfolio across their work in the program. Details are presented at the program orientation and incorporated into all classes and fieldwork requirements.

The Assessment of Professional Growth plan is aligned with the State of Illinois Professional Teaching Standards. Candidates should expect program coordinators and faculty to review their work periodically so that they may better assist them in meeting their goal of becoming teachers. Candidates should meet with their advisers, faculty, and/or coordinators any time they are experiencing difficulty or are unsure of where they stand. Program coordinators will have access to individual files, and they may choose to use this information as they monitor student progress in meeting the capacities outlined in the Safety and Technical Standards document. Candidates should also make sure that they will receive their degree and certification by becoming familiar with college and certification requirements. Questions specifically about certification should be directed to the CTE and/or ISBE. Questions specifically addressing degree completion should be directed to the college’s Office of Student Services.

Assessments gathered beyond program-based assessments
In order to monitor program effectiveness and to provide programs with information they can use to guide candidates’ work and program reform, the Council on Teacher Education (CTE) will also collect assessment information from candidates as they prepare to be teachers. Candidates should keep up to date on assessment requirements, as they may not be able to register for coursework if they fall behind. These assessments are described in the Undergraduate Elementary Handbook and on the CTE Web site http://www.uic.edu/educ/cte/.

Petition Procedure
Any rule, regulation, or action of the college may be appealed through the use of the student petition. These petitions are submitted to the associate dean for student affairs. Petitions are available in the College of Education Office of Student Services, 3145 EPASW. Please consult the adviser in OSS, 3145 EPASW, for further information.

Proficiency Examinations
Please consult the adviser in OSS, 3145 EPASW, for further information.

Registration Approval
To be eligible to register or change of course schedule, a College of Education student must secure written approval from the College of Education academic adviser in the Office of Student Services, 3145 EPASW.

Repeating a Course
Students may repeat a course in which a passing grade (and thus credit) has been assigned only with the permission of a dean. If approval is granted, the original credit is forfeited although both grades will be included in the cumulative grade point average and will remain on the student’s permanent record. Please consult the adviser in OSS, 3145 EPASW, for further information.

Second Bachelor’s Degree
Applicants who have already earned a bachelor’s degree must apply to the graduate program.

Transferring
Intercollege Transfer Students
See Admission to the Elementary Education Program earlier in this section.

Transfer Students from Other Colleges and Universities
Students wishing to transfer from another college must apply for admission. Consult the previous section Admission to the Elementary Education Program. Application information on applying may also be obtained from the Office of Student Services, 3145 EPASW.

Transferring out of the College
Students wishing to transfer from the College of Education to another college should follow the procedures of the other college.
Minors

The College of Education does not acknowledge minors on a student’s transcript.

Academic Advising

Advisers are located in the College of Education, Office of Student Services, 3145 EPSAW, (312) 996-4532.

Advising Policy

During the first year of the program, students completing the pre-elementary education curriculum should consult advisers in the College of Education. Students admitted to the College of Education are assigned an adviser, are required to meet with their adviser each semester, and must have approval of their adviser to register for courses.

All students admitted to the College of Education are required to attend a mandatory program orientation to become familiar with expectations and student responsibilities. Students must attend the orientation to be eligible to register for first semester courses in the College of Education. Orientations are announced upon acceptance into the College of Education.

Academic Honors

College Honors

A student who has demonstrated outstanding academic excellence throughout the undergraduate program may be eligible for graduation with College Honors. College Honors will be awarded to no more than 15 percent of the total number of students graduating from the college each semester. Students will be considered for the distinction—graduation with College Honors—during the semester in which minimum graduation requirements are fulfilled. Those students who meet each of the following criteria will graduate with College Honors:

1. The student must earn a cumulative grade point average of 3.50/4.00. The cumulative grade point average includes all transfer credit and work completed at UIC.
2. The student must be on the Dean's List for two semesters prior to the semester of graduation.

Graduation with High Honors will be awarded to any student who meets each of the following criteria:

1. The student must be eligible for graduation with college honors.
2. The student must earn a cumulative grade point average of at least 3.75/4.00. The cumulative grade point average includes all transfer credit and work completed at UIC.

Dean's List

Outstanding academic achievement in the College of Education is recognized by inclusion on the Dean's List. Eligibility is based on a 3.50/4.00 term grade point average with a program of 12 semester hours of letter grades in a semester. If any additional course work is taken on a credit/no credit basis, a grade of CR must be earned. A cumulative grade point average of 2.50/4.00 for 60 hours and above as well as clear academic status must be maintained for Dean's List eligibility.

Special Programs and Opportunities

The College of Education offers an optional 5th Year Program in Special Education. Please consult the adviser in OSS, 3145 EPSAW, for further information.

Student Organizations

The College of Education encourages all students to participate in the Future Teachers Club. Please consult The Council on Teacher Education (CTE), 3015 EPSAW, for further information.

Sample 4-Year Curriculum Plan for Elementary Education Majors

Note: Students interested in a 5-Year Curriculum Plan should consult with their adviser in the College of Education.

Total 12

Secondary Education Program

The University of Illinois at Chicago offers several secondary teacher education programs. Through the College of Liberal Arts and Sciences, the student can study the Teaching of Chemistry, Teaching of English, Teaching of French, Teaching of German, Teaching of History, Teaching of Mathematics, Teaching of Physics, and Teaching of Spanish. Through the College of Architecture and the Arts, the student can major in Art Education. Hence, the programs provide for the development of a major field of study with an emphasis on teaching.

After admission to the University, students who wish to teach at the secondary school level should complete the following phases.

Change of Teaching Major in Student’s Home College

Students should see the academic adviser in their major department to fill out a Change of Major Form to declare their intention to major in teaching in their discipline.

1. This declaration allows students to enroll in ED 200 and ED 210, core education courses required for certification. Admission into the major in the “Teaching of ...” is required prior to enrollment in these courses.
2. Students must sign and submit a copy of The Safety and Technical Standards document to the CTE office when they request to register for ED 200 and ED 210.

Students must also pass the Illinois Basic Skills Test. Application forms and study guides may be obtained in the Council on Teacher Education in 3015 EPASW or online http://www.isbe.net/teachers.

Admission to Candidacy for Teacher Certification

After students have completed 45–60 hours of college-level course work, including specific courses determined by the major department, students may apply for candidacy. Students may not take education course work beyond ED 200 and 210 if they are not accepted into candidacy. Requirements for admission are as follows:

- A cumulative GPA of 2.50/4.00 or greater and a major GPA of at least 2.50/4.00. Some programs have a higher minimum GPA requirement in the major.
- A recorded pass on the Illinois Basic Skills Test.
- A completed application to candidacy form obtained from the Council on Teacher Education.
- 2 letters of recommendation.
- A written essay.
- An interview.
- A TaskStream account.
- Completion and submission of Technical Survey 1 to the TaskStream Certification Profile.
- Additional materials may be required by individual programs.

Admission to ED 330

To be eligible to take ED 330, candidates must fill out an application the semester before they plan to take it and must have met course and grade requirements. This class should be taken the semester prior to student teaching and be accompanied by the final discipline methods course. All other required course work except student teaching must be completed prior to or during the semester in which candidates take ED 330.

Admission to Student Teaching

To be eligible for student teaching, candidates must meet the following criteria:

1. Completed General Education course work; earned a minimum cumulative GPA of 2.50/4.00 in all course work, including transfer credits; completed professional education requirements with a minimum GPA of 3.00/4.00; and completed course work in their teaching field with a GPA as specified in their program.
2. Completed a minimum of 100 clock hours of fieldwork as part of the program and professional education course work.
3. Competed and submitted a Philosophy of Teaching and Learning to the TaskStream Certification Profile.
4. Passed the Illinois Content Area Test in the teaching field if student teaching will occur.
5. Submitted a student teaching application during the spring term of the academic year preceding the student teaching experience.
6. Submitted verification of a negative TB test. This test must be taken early enough to submit the results with the application (it may take up to four weeks to get the results).
7. Submitted other documentation required by Chicago Public Schools, found accompanying the student teaching application.
8. Met any additional requirements as specified within each program.
Graduation
Candidates who have met requirements for graduation and certification must file a declaration of graduation in their college, according to the policy specified in their college section of the catalog.

To be eligible for graduation, candidates must have done the following:

- Completed student teaching with a grade of B or higher.
- Completed all course work in the teaching area, teaching methods, education methods, and General Education to meet requirements for University, Foundation for Education and for state certification.
- Met requirements of the undergraduate college in which they are enrolled.

Certification
To become certified, candidates must have done the following:

1. Met all requirements for graduation in their home college.
2. Completed and filed a certification application and any related endorsement requests with the Council on Teacher Education.
4. Completed and submitted a Technology I Survey to the TaskStream Certification Profile.
5. Completed and submitted a “Philosophy of Teaching and Learning” essay to the TaskStream Certification Profile.
6. Completed and submitted a Teaching and Assessment Event to the TaskStream Certification Profile.
7. Completed and submitted an Exit Survey to the TaskStream Certification Profile.
8. Completed and submitted Technology Survey II to the TaskStream Certification Profile.

Course Requirements for Secondary Education Programs

General Education Course Requirements
Students should pursue the General Education course work required for an undergraduate degree in their chosen program of study. For example, those who are pursuing teacher certification in a program within the College of Liberal Arts and Sciences must meet the General Education requirements for that college. When there is a choice of classes a student may take to meet a requirement in a given area, some programs may request that students take a particular class that is more applicable to the teaching profession. Students should work with their advisers to determine which classes they should take to meet the general education requirements.

Course Requirements in the Major

Teacher candidates must also complete course work in their major field of study. Because secondary teacher education majors are working toward fulfilling requirements for both the bachelor’s degree and the Illinois teaching certificate (grades 6 through 12), it is critical that the candidates seek advising from the academic adviser in the major field of study. Programs may require students who wish to teach in their major field to take particular major field courses that are more suited to teachers than other choices within the major.

Student Teaching Requirement

Note the eligibility requirements listed previously for student teaching in the Admission to Student Teaching section above. In the semester prior to student teaching, candidates should enroll in ED 330—Curriculum, Instruction, and Evaluation in Secondary Schools and in a methods teaching course in the student’s discipline. Candidates must apply for ED 330 the semester before they plan to take the course. Since ED 330 includes more than 60 hours of fieldwork, students are advised to take no more than 6 additional credit hours that semester. ED 330 fieldwork requires a minimum 3-hour block of time daily during the secondary school day. No additional courses or employment can be pursued while student teaching. All students should consult regularly with their advisers and should plan well in advance for these final two semesters in their program.

Application for secondary school student teaching must be made during the spring term of the academic year preceding the student teaching experience. For more information regarding application procedures, contact the Council on Teacher Education, 3015 EPASW. An orientation meeting is held early in the student teaching term by the Council on Teacher Education, program faculty, and staff. During the teaching term, the student attends a weekly seminar held on campus.

Middle School Endorsement

Teacher candidates wishing to teach in the middle grades (5 through 8) should take additional course work, even though the Standard Secondary Certificate (Type 09) states eligibility for teaching in grades 6 through 12. Please note that the State of Illinois is in the process of revising middle school endorsement requirements and additional course work may be required. Be advised that changes may occur without notice and will be effective immediately. Additional information may be obtained from the College of Education Office of Student Services, 3145 EPASW, (312) 996-4532.

Illinois Certification Test Requirements

The teaching certificate is not automatically awarded upon successful completion of certification and degree requirements.

Before the certificate is issued, the candidate must also pass a series of examinations required by the Illinois State Board of Education. The Illinois Basic Skills Test must be passed prior to applying for candidacy with the Council on Teacher Education. The Illinois Content Area Test must be passed before the candidate is allowed to student teach. The Assessment of Professional Teaching must be passed prior to certification. For information on application procedures, contact the Council on Teaching Education located in 3015 EPASW.

Effective March 2003, Illinois “Approved Program Verification” forms and applications for Illinois teaching certificates will no longer be signed based solely on completion of a teacher education program if that program was completed more that three years prior to the verification request. The faculty in relevant colleges and departments will evaluate the records of program completers based on
UIC's current program requirements and make recommendations regarding certification.

The Illinois State Board of Education occasionally changes the requirements for certification. For current information, contact the academic adviser in the major field of study or the Council on Teacher Education.
